

Romeo: Did you ever hear the tragedy of Saint Pecuniosus The Rich?

Juliet: No?

Romeo: I thought not. It's not a story the Capulet would tell you. It's a Montague legend. Saint Pecuniosus was a Great Lord of the Montague, so rich and so wise he could use Finances to influence the investors to create wealth... He had such a knowledge of the rich side, he could even keep the ones he cared about from poverty.

Juliet: He could actually save people from poverty?

Romeo: The rich side of Finances is a pathway to many abilities some consider to be unnatural.

Juliet: What happened to him?

Romeo: He became so rich... the only thing he was afraid of was losing his wealth, which eventually, of course, he did. Unfortunately, he taught his investors everything he knew, then his investors robbed him in his sleep. Ironic. He could save others from poverty, but not himself.

Juliet: Is it possible to learn this power?

Romeo: Not from a Capulet.
